Throw back Thursday? What the heck is she talking about? Thursdays are the day in Social Media World when it is okay to remember stuff from the past and post it. Since our Reunion is on a Thursday, I thought I would pass on some remembrances from 1964. Click on that ancient boom box and enjoy the past!!

My wife and I spent eight nights recently on Waikiki for our 46th anniversary. I'm finishing my 22nd year of being a Sub for Hayward Unified and planning on going for a 23rd year. I'm very selective on when and where I sub so I'm more in

G-d's Plan for Aging (from Tom Mortenson)

Most seniors never get enough exercise. In His wisdom G-d decreed that seniors become forgetful so they would have to search for their glasses, keys and other things, thus doing more walking. And G-d looked down and saw that it was good.

Then G-d saw there was another need. In His wisdom He made seniors lose co-ordination so they would drop things, requiring them to bend, reach, and stretch. And G-d looked down and saw that it was good.

Then G-d considered the function of bladders and decided seniors would have additional calls of nature, requiring more trips to the bathroom, thus providing more exercise. G-d looked down and saw that it was good.

So if you find as you age, you are getting up and down more, remember it's G-d's will. It is all in your best interest even though you

charge of my schedule than when I first started. I'm down to just four schools (all elementary). I just filled in for the Vocal Music teacher, and that is a wonderful day for me.

Phil also sent a (large) listing of music entertainment throughout the Bay Area for most of the summer, unfortunately after the June newSnote went out. Am including an abbreviated listing - thanks, Phil!

Nine Important Facts to Remember  
as We Grow Older

#9 Death is the number 1 killer in the world.

#8 Life is sexually transmitted.

#7 Good health is merely the slowest possible rate at which one can die.

#6 Men have 2 motivations: hunger and hanky panky, and they can't tell them apart. If you see a gleam in his eyes, make him a sandwich.

#5 Give a person a fish and you feed them for a day. Teach a person to use the Internet and they won't bother you for weeks, months, maybe years.

#4 Health nuts are going to feel stupid someday, lying in the hospital, dying of nothing.

#3 All of us could take a lesson from the weather. It pays no attention to criticism.

**And from Jeff Ross:**  
Busy week for me coming up. Heading for Vegas this Friday, going to see Paul McCartney Sat. night at the T-Mobile Arena, playing in the WSOP Crazy 8's event on Sunday and if I get knocked out of that event I'm entering the mini-main event on Monday. Then heading for Aptos to play golf on July 4 and then Sacramento on July 5 to see The Struts and back home on July 6. You can check WSOP.com on Monday to see if I make it past the first day in the Crazy 8's event. First place in that event is \$888,888, just enough to buy you guys dinner.

And from **Martha Gooby Micks**: Since I ended my term as President of LWV Minnesota, I have managed to fill that extremely busy time slot with many things: one of which you will appreciate. I spent 4 hours pouring through folders of LWVMN from November 1919 - June 1920. How exciting to see the minutes of the first board meeting of LWVMN - and to see their first convention attended and their speaker was Herbert Hoover. Herbert spoke on the feeding of children in Europe end of WWI.
